INTRODUCTION OF PUBLIC SECTOR MEDICAL / DENTAL INSTITUTIONS

(In alphabetical order)

Allama Iqbal Medical College Lahore

Allama Iqbal Medical College is widely regarded as one of the best medical institutions of Pakistan. The Government's initiative in the mid-seventies to establish new seats of learning to spur medical education and research in Pakistan led to the establishment of this institution on 2 May 1975 as Lahore Medical College. Prof. Dr. Akhtar Hussain Awan was the first Principal. On 12 August 1975, a batch of three hundred and thirteen students began their first academic day. Two years later, the college was renamed Allama Iqbal Medical College to commemorate the centenary celebrations of the great philosopher.

At that time, it was housed temporarily in a borrowed inadequate building with meagre audiovisual teaching aids at the Post-Graduate Medical Institute. However, in 1980, the final plan for Allama Iqbal Medical College Complex was agreed upon and its foundation stone was laid in March 1980. With a budget of Rupees 670 million the work on the construction of the campus started. The college complex was inaugurated by then President Ghulam Ishaq Khan on 18th May 1989. The work on 1100- bedded Jinnah Hospital started in 1988.

Initially, the Services Hospital was affiliated with AIMC, but later as the college moved to its present campus in 1990, Jinnah Hospital was built as a dedicated teaching hospital. The hospital started functioning in 1994. Allama Iqbal Medical College Complex has a campus of 105 acres (42 ha) on the canal comprising the basic departments, administrative block, library and fountain pavilion, lecture theatre complex and cafeteria. For the purpose of extra- and co-curricular activities, a sports complex including

The idea was presented before the Father of the Nation, Quaid-e-Azam Muhammad Ali Jinnah who very graciously approved the name of this institution to be associated with his sister Mohtarma Fatima Jinnah. The first Principal was Prof. Dr. Shujaat Ali. The college was formally inaugurated by the Prime Minister Khawaja Nazim-ud-Din, on March 31, 1949. It was indeed a great occasion for the nation as the first women medical institution was established in the country.

The College admitted its first batch of 39 students, who graduated in 1953. This number has now increased to 300 students per year. Since then, Fatima Jinnah Medical College has been training female students not only from Pakistan but also from the Muslim World, other friendly countries and the children of Pakistani expatriates.

King Edward Medical College/KEMU Lahore

King Edward Medical University is the historic and most prestigious medical institution in Pakistan. The Crown Rule in India laid the foundation of this paramount national institution in 1860 as Lahore Medical School with Dr. J. B. Scriven as the first Principal. The then newly built Mayo Hospital was attached to the school in 1870. In 1886, the school was upgraded to Lahore Medical College. The first College Day commenced on 5th of November, 1888. It was presided over by Sir Charles Umpherston Aitchison - the Lieutenant Governor of the Punjab.

The Licentiate Diploma initially offered by the School, from 1860-1870 and later by Punjab University College from 1871 onwards, was re-designated as Bachelor degree and resultantly, first MBBS degree was awarded in 1891.

At the turn of the century, the College then, officially affiliated with the Punjab University in 1906, catered for the needs of whole of Northern and Central India and Burma.

The expansion of college building started in 1910, and in December 1911, Lahore Medical College was renamed as King Edward Medical College. There were generous donations from various princely states for the expansion project and hence, the different blocks of the college were named after these states as Patiala Block, Bahawalpur Block, Farid Kot Block and Kapurthala Block. The building of this institution, now proudly called as the Patiala Block, was completed in 1914 and inaugurated in 1915 by Lord Hardinge of Penshurst, Viceroy and Governor General of India (1910-1916).

After independence, Lt. Col. Ilahe Bukhsh became the first Pakistani Principal of the college and he was physician to the founder of Pakistan, Quaid e Azam. Students of this college provided selfless relief and medical services to the nation during all times including migration, epidemics and disasters. In 2006, the college was upgraded to a degree-awarding medical university called King Edward Medical University.

ANNEXURE-IV

Merit Calculation Formula for Session 2023-24**Example – 1***If,*

Marks obtained in SSC/Matriculation	=	1038/1100
Marks obtained in FSc/HSSC	=	1050/1100
Marks obtained in MDCAT 2023	=	149/200

Then,

10% of SSC/Matriculation	=	$\frac{1038}{1100} \times 1100 \times 0.10$
	=	103.80
40% of HSSC/FSc	=	1050×0.40
	=	420.00
50% of MDCAT	=	$\frac{149}{200} \times 1100 \times 0.50$
	=	409.75

So,

Aggregate Percentage	=	$\frac{103.80 + 420.00 + 409.75}{1100} \times 100$
	=	$\frac{933.55 \times 100}{1100}$
	=	84.8700%

Example – 2*If,*

Equivalence marks in O-Level Exam	=	810/900
Equivalence marks in A-Level	=	900/1100
Marks in MDCAT 2023	=	163/200

Then,

10% of O-Level marks	=	$\frac{810}{900} \times 1100 \times 0.10$
	=	99.00
40% of A-Level	=	900×0.40
	=	360.00
50% of MDCAT	=	$\frac{163}{200} \times 1100 \times 0.50$
	=	448.25

So,

Aggregate Percentage	=	$\frac{99.00 + 360.00 + 448.25}{1100} \times 100$
	=	$\frac{907.25 \times 100}{1100}$
	=	82.4772%
